3 CRANK MANUAL HOSPITAL BED

PRODUCT FEATURES

The 3-Crank maunal bed is our standard bed for home patient use. It is low in power consumption and only consumes power when the remote is pressed on.

Bed Functions:

- Back Raise lifting angle is 0-80°(±5°)
- Foot Raise lifting angle is 0-40°(±5°)
- Bed Height from 39 cm to 69 cm

Crank for
Foot Raise

Crank for
Bed Level Height

Crank for
Head / Back Raise

All steel parts are powder coated. Each bed can be equipped on both side with side rails. Side rails can be lifted and lowered to protect users against falling out of bed, at the same time enable safe and comfortable boarding and alighting.
