PRACTICO 25/80 PREMIUM NURSING BED, SPLIT SIDE RAILS

PRODUCT FEATURES

The 5 Crank electrical premium bed is our standard electrical bed for home patient use. It is low in power consumption and only consumes power when the remote is pressed on.

Bed Functions:

- Back Raise lifting angle is 0 - 70° ($\pm 5^\circ$)
- Foot Raise lifting angle is 0 - 50° ($\pm 5^\circ$)
- Trendelenburg Position is 0 - 15° ($\pm 5^\circ$)

All steel parts are powder coated. Each bed can be equipped on both side with side rails. Side rails can be lifted and lowered to protect users against falling out of bed, at the same time enable safe and comfortable boarding and alighting.

CARE INSTRUCTIONS

- Ensure adequate space around the bed to prevent user injury or bed damage
- Prior to entering or exiting the bed, confirm that the wheels are securely locked
- Seek assistance when adjusting the bed if users encounter difficulties
- Do not surpass the specified maximum weight capacity
