PRODUCT OVERVIEW

For illustration purposes only

ELATOR © Electric Push Aid for Wheelchairs and Rollators

- Electric power assist for manual wheelchairs and rollators
- Reduces caregiver effort on slopes and longer distances
- Telescopic mounting arm with adjustable length
- Thumb throttle control for smooth speed adjustment
- Three selectable speed levels

Battery Charging Instructions

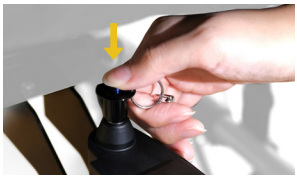

1. Switch off the ELATOR before charging.
2. Remove the protective cover from the battery charging socket.
3. Connect the supplied charger to the charging socket.
4. The charging indicator turns red during charging and green when fully charged.
5. Disconnect the charger once charging is complete and replace the protective cover.

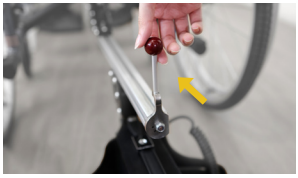

Note: Use only the manufacturer-approved charger.
